Invoice Notes:

FULL TOTAL \$13,450 ROUGH IN(67/33) \$9074.80

Roughed in 2 ton 2 stage 16 seer HP system on second floor in attic. Laid platform down, ran ducts and put up boots all taped and mastic. Supply and return plenum. Media filter. 65' of lineset. Ran main drain and emergency drain. Ran thermostat wire. Wired and brazed airhandler. Did not run lineset and main drain outside due to not knowing how much

grade will change outside. To prevent having to comeback and making another hole to run the lineset at correct height.
Air handler just needs high voltage ran to it.
Ran two bath fans to exterior.

Filter size is 17.7/20/4.7

Customer Approval:
